A Story of Our Impact:

Healing and Restoration

"My goal is to get people out into the world",

"Bridges helps create the support and funding that allows me to care for people the way I believe they need to be cared for."

-Addison Taylor,
Bridge Leader

A Changed Life

One patient came in with severe neck pain, afraid he might have to quit a job out of desperation. As Addison worked with him, his pain dropped dramatically, and he gained the clarity and strength to choose a more purposeful path. For Addison, healing is not only physical; it opens space for courage, discipleship, and renewed life in community.

"My goal is to get people out into the world, playing and experiencing life the way God meant it to be."

Hope for The Future

"Bridges trained me to build deeper connections, reach more people, and serve with greater impact." **—Felipe Martinez, Bridge Leader**

Immigrants Experience Support, Hope, and The Love of God.

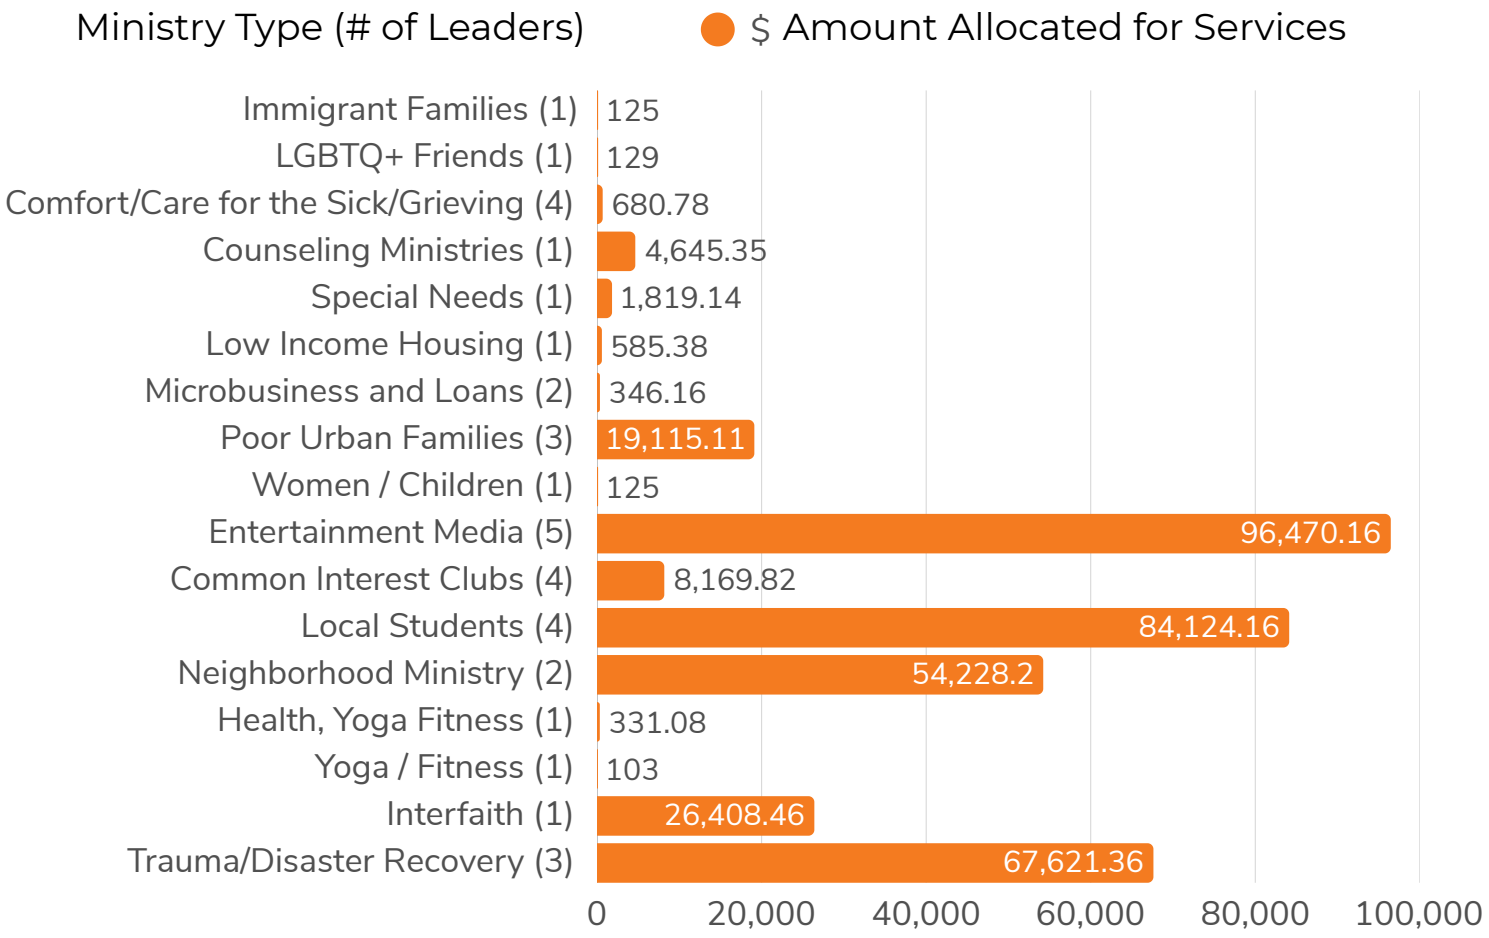

Bridge Leader Felipe Martinez and his team (pictured) help meet urgent needs—food, rent support, mentoring, prayer, and discipleship—while building a church community where families can recover faith, hope, health, and stability.

Another Changed Life

Felipe met a woman walking past the church who was living in her car, struggling with addiction, and separated from her family. He prayed with her, offered her food, a shower, a safe place to sleep, and steady friendship. Over time, she found work, rebuilt trust with her daughter, and became part of the church community.
